Acknowledgements

This book owes debts to several people who in international meetings and conferences have discussed our theses and/or raised questions that helped the development of our arguments when the book was still in the making. Such international events were, for example, the *Historical Materialism* annual conferences 2006 (December 8–10), 2007 (November 9–11), 2008 (November 7–9) at SOAS, London, and the 9th Annual Conference 2007 (July 13–15) of the Association for Heterodox Economics at the University of the West of England, Bristol.

The authors would like especially to thank Professor Dimitri Dimoulis (Escola de direito de São Paulo da Fundação Getúlio Vargas, Brazil) and Dr Spyros Lapatsioras (University of Crete) for having read and commented on the drafts of the book. A special mention is also owed to Wayne Hall for having corrected and taken care of the style of the manuscripts.
